

## Music Playing Policy 2023-2024

Music is an integral part of figure skating. It is essential for warm up, stroking sessions, solos and ice dance. This is a crucial aspect of the figure skating experience at MKSC. At Mlacak Arena, we are fortunate to have a heated music room overlooking the ice surface where the music players work with the coaches on ice to play music for each STARSkate session.

We rely on the families and friends of our skaters to play music on their skater's sessions. We will have two music players per session, with each playing for half of the session. The two music players will also serve as backups for each other. If the on-duty music player is unavailable to attend, please directly contact your backup to ask for help.

Music training will be provided to anyone who requires it.

If you have questions about playing music, please contact the STARSkate Director at [starskate.mksc@gmail.com](mailto:starskate.mksc@gmail.com).

Please review the Music Player Instructions below:
